## Student Attitude Survey PART II

275

### Students

from Belgium, Finland,  
Greece, Italy,  
Netherlands, Poland,  
Romania and Spain about  
Social Circular Economy.

145

### Students followed the SCE-VET MOOC

This is a free online course about  
anchoring social circular economy.

[sce-vet.eu/toolkit/](https://sce-vet.eu/toolkit/)

Following conclusions are from  
those who followed the MOOC

### TOP 3 of what social circular economy means to students.

68%

Improving society  
and the environment

60%

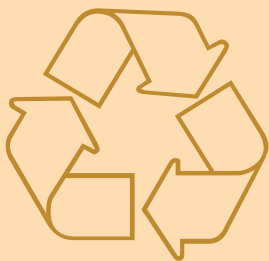

Ensuring that the economy  
does not harm society  
or the environment

58%

Benefits people, planet  
and the economy

56% indicates that they  
heard about social circular  
economy  
and understand what it is.

The majority of respondents  
agree that

**“Having a clear social  
mission”**

is the main social aspect in  
circular economy.

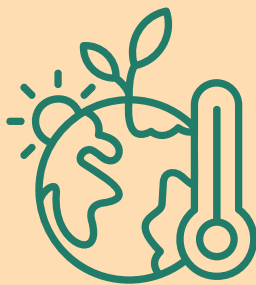

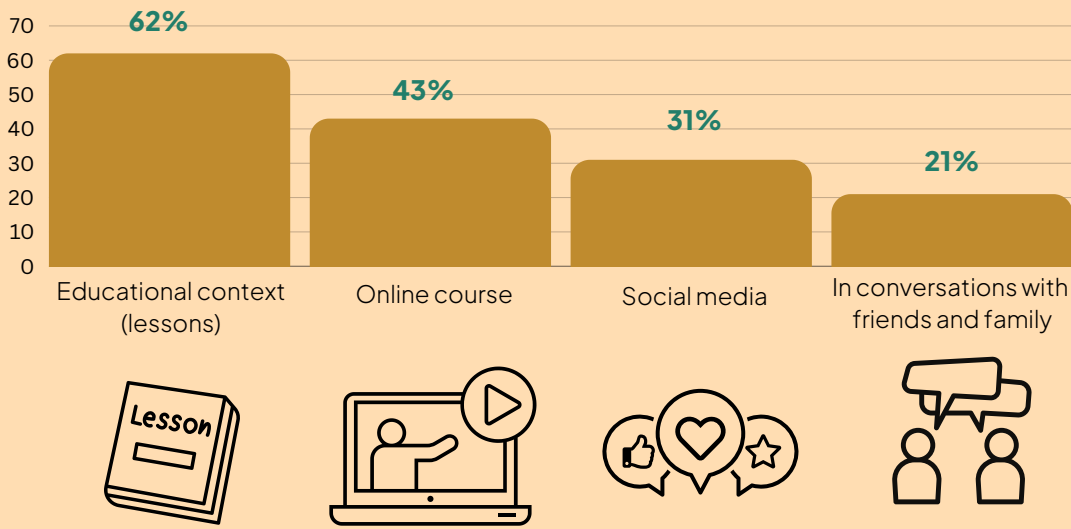

The majority of the students  
believe they are taking actions  
that promote the social circular  
economy.
